

## WE HAVE A SOLUTION FOR YOUR NEEDS

### VISUAL IDENTIFICATION WITH HIGH QUALITY CARDS

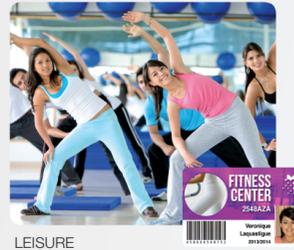

Are you in charge of an association, community, or event? You can identify the participants by giving them a personalized card! Evolis printers guarantee exceptional quality graphics and ease of use for creating your employee and visitor badges, membership cards, loyalty cards, etc. Instantly create your color badges with a photo, personal data and barcodes. From single cards to large runs, single or dual-sided, Evolis has the best solution for you.

### ON-SITE PRODUCTION OF HIGHLY DURABLE SECURE CARDS

Securing and extending the life of official documents - national identity cards, driver's licenses, health insurance cards - is essential for most administrations and governments. Evolis guarantees data protection and card protection by laminating and also securing the manufacturing process. Many governments and businesses worldwide have already adopted our card printing and personalization systems.

## THE POWER OF A GROUP

Founded in 2000, the Evolis group designs, manufactures and markets a full range of plastic card personalization solutions for identifying people and property. Our printing solutions deliver all the options necessary for graphic, magnetic and electronic personalization (smart cards, with both contact and contactless RFID technology) of all types of cards (employee badges, student ID cards, bank cards, etc.).

Based in Angers, France, with subsidiaries in Miami (USA), Singapore, Mumbai (India), and an office in Shanghai (China), Evolis has more than 250 employees and our solutions are present in 125 countries.

## COMBINING QUALITY AND LOCAL SERVICE

Evolis offers powerful products and services, tested at all stages of development and on site. We are ISO 9001 certified, reflecting our strong commitment to quality.

Our **400 official distributors** deliver local service and personal advice, and, if necessary, can perform maintenance, since they are certified through an official training program.

We have carried out many small to large scale projects in various parts of the world and in very different fields (leisure, retail, identification, transit, security, governmental, banking and more), and our expertise is widely recognized. Many companies and organizations trust Evolis solutions for their plastic card personalization and issuance needs.

### AN ECO-FRIENDLY COMPANY

As part of our eco-design system aimed at reducing the environmental footprint of our products, **Evolis:**

- ▶ **uses recycled materials** in the manufacture of our printers and consumables whenever possible,
- ▶ designs compact and lightweight printers to **reduce CO<sub>2</sub> emissions** from transportation and packaging,
- ▶ **reduces the power consumption** of its printers (ErP Directive 2009, EnergyStar certification) through a very economical hibernation mode.

EVOLIS IS CERTIFIED ISO 9001

## A CARD PRINTER FOR EVERY APPLICATION

## ACCESSORIES

Evolis offers many accessories for printers and plastic cards.

## OUR CUSTOM SOLUTIONS FOR YOUR SPECIFIC NEEDS

Evolis is your partner for custom solutions. We have a team dedicated to designing and developing customer-specific products and services.

We provide support through our extensive distribution network: with more than 400 official distributors present in 125 countries, Evolis has extensive experience in handling international multi-site and/or multi-lingual projects.

Working with technology partners and systems integrators, Evolis combines the expertise and industrial capacity needed to manage national and international projects.

Thanks to our market leading response times and quality product offering, we have a great many projects under our belt:

- Decentralized issuance of bank cards
- Printing and updating rewritable loyalty cards
- Integration of printing modules in self-service kiosks
- Issuance of transit passes at the sales counter
- Centralized issuance of government ID cards
