Short Mission Statement

Our mission is to grow to be the UK leader in identification equipment.

We recognise that all products and services generate environmental impacts and we are committed to minimising our negative impacts and improve environmental performance.

ID Card Centre aims to:-

- comply with all relevant regulatory requirements
- improve environmental performance continually
- incorporate environmental factors into business decisions
- reduce impacts of activities, products and services
- increase staff awareness and promote good environmental performance
- publish environmental policy and other environmental information.

We aim to:-

- conserve energy and other natural resources
- improve efficiency of materials use
- reduce waste and increase reuse and recycling
- monitor and record regulatory consents and authorisations
- employ best techniques and procedures for measuring and controlling emissions, discharges and wastes
- provide all staff with relevant environmental training and relevant job-specific training
- work with suppliers, contractors and subcontractors to improve their environmental performance
